of Peoria University }

Judgment affirmed April

—
Petition for Rehearing.

The appellant prays a rehear-
= ing of this cause for the
following reasons, which are
assigned upon matter
contained in the opinion
given in the case.

1. The plaintiff below did not
owe upon the subscription
paper as an original but
as a copy, and undertook
to show the loss of the
original. In such a case
the statute does not apply.
2. The Synod of Illinois was
the legal, technical payee

of the subscription, and though
made for the benefit of
the Trustees of the University,
the Trustees had not
and could not have any
technical, legal title to
maintain an action.
