Township No 2 South
Range No 10, West appt

Be it remembered that upon the trial of the above entitled cause which was tried by the Court by consent the plaintiff offered in evidence the Schedule marked "A", which by consent is made a part of this Record, the defendants then stated that the objection to paying said Schedule was that at the October 1856 meeting of said trustees they had distributed upon said Schedule the sum of \$11.61 which was its pro-rata share of all the moneys then on hand for distribution, and they having previously provided for and had kept a school for all the children under 21 years of age in said Township for 6 months of the year ending first Monday in October 1856 were not bound to levy a Tax for the purpose extending the Term of the Schools, which statement was not contradicted by the opposite party, the defendants also objected to paying said Schedule because the said plaintiff had no legal certificate of qualification to teach the several branches whereupon the plaintiff produced the certificate "B" which is by consent made part of this record, to the introduction of which the defendants objected, to which decision the Court at the time excepted, and the plaintiff also introduced certificate marked

Red "10", which is by consent made part of the record.
this was all the evidence in the case whereupon the Court
found a verdict for the plaintiff for the sum of \$ 25.79
the defendants moved for a new trial for the reasons the
Court admitted, improper evidence and found against
law and evidence, which motion the Court overruled, to
which decision overruling said motion the defendant then
and there excepted and pray the Court to sign and seal
this bill of exceptions.

vs

John Welch appellee. —

We insist in this case.

1st That the certificate of qualification of the teacher was not a legal one, and did not entitle him to teach school, & receive compensation. It does not show that appellee was ^{"properly"} qualified to teach "penmanship, arithmetic, English grammar, modern geography and the history of the United States. School Commission certifies that he is qualified to teach orthography, reading in English & c. in a ward (high school.)

§ 49. ^{chap 128} Chap. 128 provides that no teacher shall receive any portion of the School Fund, unless he has a legal certificate. — See also 16. Ill. 147

2. The evidence shows ^{15th - 56} (see bill of exceptions) that appellee received his pro rata share then on hand.

A school had already been kept up for 6 months in the district. The Sch. Trustees were not bound to extend

the turn and lay an additional
tax, and consequently the ~~Deacons~~
had to look to the Deacons for
pay. See Supplemental circulars 132. After
1856.
The trustees had no power to pay

Trustees
v.
Welch } Appeal from Monroe Co.

In this case the same points insisted on in the other case of same ptffs are urged.

~~When~~ Trustees, after ordering a payment in part on a schedule cannot go behind the same afterwards & object to the certificate of qualifications of the teacher. They thereby stultify themselves. Besides that is a matter for the Directors to decide as to the form of the certificate. After a teacher has presented to the Directors his certificate of qualifications which is approved by them when it might be amended if informal and he is employed by the directors it would be a fraud for the trustees to refuse to pay him upon the rendition of his services. Objections of this character are purely technical & should directors & officers should object to them at the earliest practical time & not after the labor is in good faith performed when it is too late for the teacher to have the certificate amended.

The Trustees might have made an order to pay the schedule out of monies afterwards collected.

There is no proof to show that the Trustees had ~~collected~~ appropriated the money in the treasury subject to distribution. It was only so stated by atty. for ~~ptff.~~ ~~def.~~ below & neither admitted or denied by ptff. Such statements

must not be regarded as evidence,
Nothing but a statement designed
by ~~the~~^a party at the time and ad-
mitted by his adversary for the pur-
pose of being used as evidence is such.
Parties must not only aver but prove
their statement except in agreed cases
or stipulations made for & as evidence.
