At a Supreme Court begun and held for the
Second Grand Division of the State of Illinois, at Springfield, on
the first Tuesday after the first Monday in the month of January A.D. 1864,
Present Hon. John A. Catron, Chief Justice

" " Pinkney Walker

" " Sidney Brewer,

And on the 6th day of January A.D. 1864, the following order was entered
of record in said Court in the following entitled cause:

"
The People of the State of Illinois
Ex rels., William Barnes,

"
Alexander Starnes, Treasurer
of the State of Illinois.

3 Motion for mandamus

On this day came said Relator, by
Gunsbach, his attorney, and moves the Court for an alternative
writ of mandamus herein, and submits said motion; and the
Court takes time to consider thereof."

And on the 12th day of said January, at the same term of
said Supreme Court, the following order was entered of record,
in said cause: Present: Hon. P. H. Walker, Chief Justice
" " Sidney Brewer
" " Condon Beardslee

"
The Court having considered the motion entered herein for an
alternative writ of mandamus, and now being sufficiently advised
thereof are of opinion that said writ be denied.

Said Relator, by his said Attorney moves the Court for leave to withdraw the petition filed herein, and for leave to amend the same, and submits said motions; and the Court having considered the same order that such leave be granted."

And on the 14th day of January 1864, at same term of said Supreme Court the following order was entered in said cause:

"On this day again comes Relator, by his said Attorney, and moves the Court for an Alternative writ of mandamus herein; and submits said motion, and the Court take time to consider thereof."

And on the same day last aforesaid the following order was entered of record in said cause:

"The Court having considered the motions entered herein for an Alternative writ of mandamus, and being now sufficiently advised concerning the same, order that an Alternative writ of mandamus be awarded herein, to be made returnable upon the 19th instant."

And on the 19th day of said January, at same term of said Court, the following order was entered in said cause:

"On this day again come said parties by Attorneys, and said cause coming on for argument upon demurrer filed herein, was argued by Grimeshaw for Relator, and by Edwards for Respondent, and submitted, and the Court take time to consider thereof."

And on the 22^d day of said January, at same term of said Court, the following order was entered of record in said cause:

"The Court having considered the demurer filed herein to the return made by Respondent, and being now sufficiently advised of the same, are of opinion, that said demurer be overruled."

Said Relator, by his said attorney, moves for leave to withdraw said demurer, and to reply; and submits said motion; and the Court having taken time to consider thereof, order that such leave be granted.

Said Relator by his said attorney moves that this cause be transferred for hearing to the Third Grand Division at Ottawa, and submits said motion; and, by consent of parties, it is ordered that this cause be transferred to said Third Grand Division, in accordance with said motion."

William C. Turney, Clerk of said Supreme Court hereby certify that the foregoing is a true & correct copy of all orders entered in said Cause in said Court.

In Testimony Whereof I hereunto set my hand & affix the Seal of said Court at Springfield this 29^d day of March A.D. 1864.

Proceedings from
House Journal of
February 14: 1863

Senate Bill numbered two hundred and three (203) for
"An act to provide for the ordinary and contingent expenses
of the government until the adjournment of the next regular
session of the general assembly, was then taken up, by
unanimous consent, and read a first time, and ordered to a
second reading.
The rules were suspended, and the bill read a second time
and ordered to a third reading.
The rules were further suspended, and the bill read the
third time, *by its title*.
And the question being put, "Shall the bill pass?" it was
decided in the affirmative—yeas 59, nays 2.
The yeas and nays being required,
Those voting in the affirmative are,
Messrs. Barnard, Black, Boyer, Brown, Burchard, Burr,
Bussey, Cabeen, Chapman, Church, Cook, Davis, Eastman,
Elder, English, Epier, Fuller, Gale, Gerrard, Gibson, Glin-
ther, Goodell, Green, Haines, Harris, Heard, Hicks, Holgate,
Holyoke, Keyes, Kistler, Lake, Lawrence, Mann, Menard,
Merritt, Miller, Monroe, Morrill, Newport, Noble, O'Brien,
Patty, Reid, Roessler, Sedgwick, Sharon, Sharp, Smith of
Union, Smith of Whiteside, Springer, Ten Brook, Tenny,
Throop, Turner, Wakeman, Watkins, Wenger, Wike, Witt,
Mr. Speaker.
Those voting in the negative are,
Messrs. Shope and Wheat.
Ordered that the title be as aforesaid, and that the clerk
inform the senate thereof, and ask their concurrence therein.
Mr. Epier moved that the rules be suspended, in order
to enable him to introduce the following resolution, which
was read for information—namely:
Resolved, That the bill for an act to provide for the ordina-
ry and contingent expenses of the government until the ad-
journment of the next regular session of the general assem-
bly, which contains an appropriation of \$50,000, to be placed
in the hands of the governor, &c., reported as passed by this
house, on this day, was passed by fraud, and no vote had
thereon; and the governor is hereby requested to return the
same to this house immediately.
And the question being put, it was decided in the negative
—yeas 30, nays 23.
Those voting in the affirmative are,
Messrs. Boyer, Burr, Bussey, Cabeen, Dougherty, Davis,
English, Epier, Fuller, Heard, Hicks, Keyes, Kistler, Menard,
Merritt, Miles, Monroe, Morrill, Odell, Patty, Reid, Ross-
er, Sharon, Shope, Springer, Walker, Watkins, Wheat,
Wike, Witt.
Those voting in the negative are,
Messrs. Barnard, Black, Brown, Burchard, Chapman,
Church, Cook, Eastman, Elder, Gale, Gerrard, Glither,
Goodell, Green, Haines, Harris, Holyoke, Lake, Lawrence,
Mann, Newport, Noble, Sedgwick, Smith of Whiteside, Ten-
ny, Throop, Wakeman.
So the house refused to suspend the rules, three-fourths not
voting in the affirmative.
Mr. Davis, on behalf of himself and other protestants, ask-
ed and obtained leave to enter the following protest, and
have the same spread upon the journal.

*To the Speaker of the House of Representatives of the
State of Illinois:*

The undersigned, members of the house of representatives,
respectfully represent that this day two bills making appro-
priations for the current expenses of the state government,
were considered in the house. One of said bills was a house
bill, the other a senate bill. Each bill was read at
length on call of members. The items in each bill, as read
by the clerk, were only those usual in such bills, and con-
tained no appropriation of fifty thousand dollars contingent
fund for Governor Yates, nor any sum for contingent
fund. When the last of these two bills was pending in the
house, a senate message was announced, transmitting a bill
of the same title, which, on inspection, was found by the occu-
pant of the chair to be without the indorsement of the clerk
of the senate; and for that reason was by the chair publicly
returned to the senate.
After the second bill was passed by the house, and sent, as
we supposed, to the governor, it was discovered that the sen-
ate bill, which had been remanded to the senate, because it
lacked the indorsement of the clerk, had been substituted in
some manner for the bill which was twice read at length and
passed by the house; which bill contained no such appropria-
tion. The bill so substituted was later returned to the senate,
with the approval of the governor. We state from positive
knowledge, that no bill making such appropriation was
ever read in the house, from the first to the last of the session,
although another bill of the same title from the senate, but
without the obnoxious appropriations, was twice read at
length in the house.
We never did vote for any such bill, and without being
able to decide who may be responsible for the substitution of
one bill for the other, we denounce it as a fraud upon the
members and the rights of the people. We voted on a bill
without obnoxious items, and after its passage, another bill
of like title and indorsements, was substituted in its place,
taken to the governor and signed as aforesaid. After an in-
timation of the fact, a resolution was introduced by a mem-
ber, reciting the facts, and asking the governor to return said
bill to the house for review; but the house refused, by a vote
which is of record, to allow said resolution to be considered. As
the record may show our respective votes for the bill, we wish
hereby to state, in the fullest, plainest terms, that we never
did vote for such a bill; and we further state that it was sub-
stituted for the one for which we did vote, by means deceit-
ful, disgraceful and dishonorable. We are willing to vote
such sums as may be necessary for soldiers, but wish to see it
used for that purpose, which we fear will not be the case un-
der the provisions of the bill approved by the governor. We
wish that this protest be spread of record as a justification to
us.

Respectfully submitted:

Extract from Senate Journal of June 3rd 1863:

"A message from the House of Representatives, by Mr. John J. Harmon Clerk:

Mr. Speaker, I am instructed by the House of Representatives to inform the Senate that they have concurred with the Senate in the passage of a bill of the following title, st. 203, viz, "An act to provide for the ordinary and contingent expenses of the Government until the adjournment of the next regular Session of the General Assembly".

I would further beg leave to inform the Senate that on the 14th day of February last, through error, I reported back a bill of like title to the Senate, as having passed the House, numbered 202, said bill No. 202 did not pass the House, and I respectfully ask that the Senate cause the same to be returned to the House.

On the refusal of your

on the face of the petition as
follows p. 4 "which said services

of this suit and are still due
and unpaid by said State"
also on the margin of p. 3-
I amended as follows "said William

the State of Illinois under the
orders of Richard Yates Governor
of the State of Illinois and on
behalf of said State of Illinois
and your petitioning States
that the State of Illinois has
never paid petitioner anything
for said services or subsistence.
The better practice would have
been to have amended by
reprinting petition, but the terms
of ^{this} writ are short and, I
veto, the amendments as above.
I have filed attached

original
by the preparation of the
petition, I supposed it
seems however that by your
Amos Maling I was in error
that an Auditors warrant
whether issued for the salary
of a Judge or for pay for
services of a court has
at least prima facie evi-
dence that the Pleasner
~~should~~ "counter-sign" and
that there was as little
necessity to go behind the
warrant as there would
be for one of your Amos
to take one to the Pleasner
to prove that you had served
as Judge, but for caution
I went beyond or rather
behind the warrant and
stated the adjustment of
account by the Governor prior
to the warrants being issued.
I also in the af-
firmation of the petition co-
pled ^{under the} affidavit in the
case of the People in relation
of Cummings vs Head, a

Case that was contested - and
in which this Court ~~has~~
peremptory Mandamus. ~~granted~~
a Circuit Clerk.

There is no Statute prescribing
any oath it is a practice,
I cannot see how Mr.
Williams swearing that facts
are true as he believes weakens
the affidavit. I have en-
deavoured ^{now} to comply with
the suggestions of the
Court and ~~will~~ most
respectfully ~~under~~ my
virtues that an alternative
Mandamus issue against
the Reviser.

State of Illinois
The People of the State of Illinois
vs.
William Barnes
vs.
Alexander Starnes, Treasurer

To the Honorable Supreme Court of the State of Illinois
sitting in the 3rd Grand Division:

Alexander Starnes Treasurer of the State of Illinois
in obedience to the order of the writ of Alternative
Mandamus from said Court hereto annexed, and
by way of return to said writ respectfully states
unto your honors, that he refused to countersign
and register ^{as Treasurer of the State of Illinois} the said warrant a copy whereof is set
forth in said writ, and still refuses to countersign
and register the same, but not without reasonable
cause, on the contrary thereof the said defendant refused
and still refuses to countersign and register said warrant
for the following reasons: said defendant denies that
said warrant was issued in pursuance of and by
virtue of any act of the General Assembly of the State
of Illinois passed in conformity with the provisions
of the Constitution of the said State, he further denies
that any appropriation has been made by any law
so passed for the payment of the said warrant or
of the claim upon which said warrant is based
He further denies that the said alleged act of the
General assembly of the State of Illinois of February
14. 1863, referred to by the relator in the petition for said
writ, and under and in pursuance of which it is
alleged said warrant was issued, or that the bill
for said act was ever passed by the General Assembly
of the State of Illinois in the manner required by the
express provisions of the Constitution of said State

defendant avers that said bill was not read three times on three different days or otherwise in the house of Representatives of said State, nor was it passed with a concurrence of a majority of all the members elect in said House of Representatives. That the Journal of said House of Representatives kept in pursuance of the provisions of the Constitution of said State does not show that the said bill for said act or said act was ever read together by its title or otherwise in the said House of Representatives, and does not show that said bill was passed by the concurrence of a majority of all the members elect in said house, nor is any vote by ayes and nays on the final passage of any such bill entered on the said Journal of the said House of Representatives. Defendant annexes hereto a copy of the bill for the said alleged act in pursuance of which it is alleged said warrant was issued, and of the endorsements thereon, certified to by the Secretary of State as part of this his return: by the endorsement on said bill, the copy whereof is hereto annexed, it appears that said bill is numbered "202" which number according to the usage and practice of the General Assembly of the State of Illinois, is placed on the bill, by the enrolling clerk of the Senate to designate said bill as "Senate Bill No 202: that by the usage and practice of both houses of the General Assembly bills of said houses are thus designated by the number

placed on the enrolled copies of such bills -
Defendant repeats his denial that any such bill
a copy whereof is hereto annexed, and above referred to,
was ever passed by said House of Representatives
or ever read in the said House as required by
the Constitution of this State. Defendant further
avows that, as appears by the Journal of the said
House of Representatives, a senate bill with the
same title as the bill a copy whereof is hereto
annexed as aforesaid, but numbered "203" and
not containing all the provisions contained in
the said bill "N^o 202" - and not containing the
provision or section referred to in the petition for
said writ, or for any appropriation for the payment
of any such claim for which said warrant was
issued was reported to the said House of Representa-
-tives as Senate Bill N^o 203 - and was read and passed
by the said House, but that said last mentioned
bill was not reported back to the Senate nor
ever signed by the Speakers, or approved by the
Governor, but remains as part of the unfinished
business of the said House. Defendant annexes
hereto as part of this his return a printed extract
from the Journal of said House of Representatives
in relation to Senate Bill N^o 203, and also a
printed certificate or statement by the principal
and Assistant Clerks of said House, and of
the official reporters thereof.

Clerk

SPRINGFIELD, ILL., Feb. 14, 1863.

We the undersigned, clerks of the house of representatives, deem it a duty to ourselves to make the following statement, from facts and circumstances within our knowledge, of the proceedings in the house to-day, in regard to the senate bill for "An act to provide for the ordinary and contingent expenses of the government, until the adjournment of the next regular session of the general assembly."

A short time before the adjournment, a message was received from the senate, announcing that the senate had passed a bill of the foregoing title. Accompanying said message was senate bill number two hundred and three.

The house being in haste to consider the message—insomuch as the hour for adjournment was close at hand—took up the bill reported from the senate, being senate bill number two hundred and three.

Mr. Goodell, who was assisting the clerk at the desk, read the bill at length, and the bill was then ordered to a second reading; and there being some confusion upon the floor, the reading at length was again demanded by members. The said bill was then read a second time at length, and ordered to a third reading. Several members then inquired if there was any provision in the bill appropriating fifty thousand dollars to the governor.

Mr. Burr, who was temporarily occupying the chair, stated that the bill had already been read 'two or three times,' and that there was no such provision in the bill. The bill was then read a third time, by title, and Mr. Goodell proceeded to call the roll upon its passage. Upon the call of the roll fifty-nine members voted for the bill, and two against it. During the call of the roll a member asked if the bill that was being voted on, was the same bill which had been read to the house, and was informed by Mr. Burr that it was the same bill. It was then announced that the bill had passed.

We are well satisfied that the bill number two hundred and three, which bore exactly the same title, was in the same handwriting, and looked exactly like bill two hundred and three, was not the bill which was taken to the house by Mr. Goodell, and upon which the vote was taken; and, in justice to Mr. Harmon, the chief clerk, we say that we believe he was grossly imposed upon in the procurement of his endorsement upon bill two hundred and two, as having passed the house. Mr. Harmon had been out of the house, during part of this time, in the senate chamber, upon business of the house, and came in about the time the roll was being called upon the passage of the bill; and, being informed that it was necessary to use haste in reporting back the bill to the senate before the adjournment, he sat down to write out a message to that effect, during which time we believe the bills to have been changed, and bill two hundred and two substituted for bill two hundred and three. In the hurry of the moment Mr. Harmon endorsed the bill, which was handed to him, as having passed the house, which was bill two hundred and two, which contained different provisions from the one which had been read to the house, and upon which members had voted, among other provisions, one of fifty thousand dollars to the governor. This is not the bill which was read and passed, but, as was before remarked, was identical in appearance.

We have made the foregoing statement, in vindication of ourselves as officers of the house.

I concur in the above statement, except in one particular, believing that the substitution of S. B. No. 202 for No. 203, took place between the second and third readings. Mr. Springer and Mr. Harmon also concur with me in this opinion.

Statement of Clerk & Reporter

Stuart Edwards & Brown

To the Speaker of the House of Representatives of the State of Illinois:

The undersigned, members of the house of representatives, respectfully represent that this day two bills making appropriations for the current expenses of the state government, were considered in the house. One of said bills were a house bill, the other a senate bill. Each bill was read at length on call

of members. The items in each bill, as read by the clerk, were of the usual kind in such bills, and contained no appropriation of fifty thousand dollars to the governor. The first of those two bills was pending when the second bill was introduced, and was announced, to wit: "A bill of the same title, as the first, on suspension, was found by the occupant of the chair to be without the endorsement of the clerk of the senate; and for that reason was by the chair publicly returned to the senate."

After the second bill was passed by the house, and sent, as we supposed, to the governor, it was discovered that the senate bill, which had been read at length, and passed by the house, was substituted in some manner for the bill which was twice read at length and passed by the house; which bill contained no such appropriation. The bill so substituted was later returned to the senate, with the approval of the governor. We state from positive knowledge, that no bill making such appropriation was ever read in the house, from the first to the last of the session, although another bill of the same title from the senate, but without the obnoxious appropriations, was twice read at length in the house.

We never did vote for any such bill, and without being able to decide who may be responsible for the substitution of one bill for the other, we denounce it as a fraud upon the members and the rights of the people. We voted on a bill without obnoxious items, and after its passage another bill of like title and endorsements, was substituted in its place, taken to the governor and signed as aforesaid. After an intimation of the fact, a resolution was introduced by a member, reciting the facts, and asking the governor to return said bill to the house for review; but the house refused, by a vote, which is of record, to allow said resolution to be considered. As the record may show our respective votes for the bill, we wish hereby to state, in the fullest, plainest terms, that we never did vote for such a bill; and we further state that it was substituted for the one for which we did vote, by means deceitful, disgraceful and dishonorable. We are willing to vote such sums as may be necessary for soldiers, but wish to see it used for that purpose, which we fear will not be the case under the provision of the bill approved by the governor. We wish that this protest be spread of record as a justification to us.

Respectfully submitted,

GENERAL HEAD QUARTERS ILLINOIS, ADJUTANT GENERAL'S OFFICE, }
SPRINGFIELD, June 23, 1863. }

His Excellency, Richard Yates, Governor of Illinois:

SIR—In obedience to your instructions of 1st instant, I proceeded to Cairo and took steamer City of Alton, chartered by you to go to Vicksburg, Mississippi, for relief of sick and wounded soldiers and to distribute sanitary supplies among our regiments forming that part of the army of the Tennessee which made the brilliant campaign, through the State of Mississippi in the month of May, and rested, victoriously, before the rebel city of Vicksburg.

The delegations from Quincy, Jacksonville and Springfield, with four car loads of sanitary supplies forwarded by Col. John Williams, State Sanitary Commissioner, was joined on morning of 2d inst., at Tolono, by train conveying delegation of surgeons and nurses from Chicago and other points, with six car loads of supplies; being the contributions of the Chicago Sanitary Commission, and partly from contributions from the munificent donations collected at the Chicago Board of Trade meeting on 1st inst. Also three car loads of ice, (30 tons,) all under command of Col. R. M. Hough, of Chicago, who had orders from Adjutant General Fuller, at your direction, to take charge of the expedition.

We arrived at Cairo, Tuesday afternoon, 2d inst., and awaited the arrival of the City of Alton until Wednesday evening.

Rev. E. Folsom, of Chicago, and M. F. Folsom, representing State Sanitary Commission at Cairo, promptly placed at our disposal all supplies previously contributed by our State societies, from which to complete assortment of necessities, which in hurry of preparation had been overlooked, and the U. S. Quartermaster's Department afforded valuable assistance in transferring supplies from cars to the steamer.

In response to request, the following Surgeons and Nurses reported at Cairo:

Mr. A. E. Kent of Chicago, represented the Chicago and Mr. C. T. Chase of Springfield, the State Sanitary Commission.

The steamer left Cairo on the morning of the 4th inst., arriving at Memphis on the 5th, where requisition was made for Hospital furniture, &c., and through

the kindness of Major General Hurlbut, commanding, every appliance for use and treatment of sick and wounded was furnished.

Left Memphis on 6th and steamer landed at Chickasaw crossing, Yazoo River, morning of 8th instant.

At Memphis it was ascertained that a considerable number of the sick and wounded had been removed from below and that the residue were being forwarded with convenient dispatch by government steamers to that point and that it was necessary to secure additional orders from War Department to permit removal of sick and disabled north of Memphis. I therefore telegraphed the Secretary of War, and upon return from Vicksburg, found United States Medical officers instructed on the subject.

Upon reporting near Vicksburg to the Medical Director of the army of the Tennessee, Dr. Madison Mills, an order was obtained upon Superintendent of Hospitals at Memphis for removal of such wounded soldiers from the State of Illinois then in hospitals at Memphis, or such as would be received in the next month, as would probably be unfit for service within forty days to be sent north under your Excellency's direction, and without expense to the government.

Under the admirable management of Dr. Mills, I am happy to report that the sick and wounded of General Grant's army, have, during his service therewith, been well attended to on the field and adjacent hospitals, and there is a general expression of confidence and satisfaction in his conduct of Medical Department of the army. Yet there are hundreds of cases of severely wounded and sick soldiers laboring under chronic diseases that cannot be reached and properly attended to in that climate under present general regulations, and hence the propriety and I might say the necessity of co-operation of the states in supplying deficiencies that are apparent to every person visiting the army and who see things that never reach the eye or is brought to the notice of supervisory officers. We have in hospitals which line the river from Columbus to Vicksburg, and on the road from Memphis to Corinth, a large number of soldiers who have been confined for months, and whose condition and prospects for recovery are not as good as when relieved from duty from their regiments. Medical Directors and attending Surgeons probably attend to their duties in the ordinary routine, but they have not the authority or do not energetically present to notice of proper officers the necessity of promptly discharging from service all who are permanently disabled or require removal to northern hospitals or homes, those who will be unfit for duty for several months. It is the many exceptions to general rules that demand attention of state administrations or the people who are, or should be influential with commanding officers of the army. The commissioned officer can upon certificate that change of latitude is necessary to prolong or save life, readily procure a furlough, but the private soldiers who give these officers their rank and renown cannot procure leaves of absence with the same facility, and their applications unless in hands of superiors who have the sense and disposition to comprehend their true duties and promptly act, are allowed to "*remain on file*" until death intervenes, or the case becomes sufficiently palpable to demand discharge.

It is believed that without interference with orders or conflict of views of government officers much good has been accomplished and abuses remedied by the people who have gone from the different states in delegations to the field

with supplies. It is cheering to the soldiers in hospitals and a gratifying assurance to those on the field. It is not the work of one expedition however, or of a day or a week, but the ever present watchfulness of capable and interested representatives from home that is required and should be exerted.

The various commissions and aid societies have performed valuable service to the soldiers in special contributions to particular companies or regiments, but the general good can be better subserved by sending all supplies to the State Sanitary Commissioner, General Williams, at Springfield, or to the Chicago Sanitary Commission at Chicago, who have authority and facilities from the government well adapted to the objects, and when events require particular attention, the commission with all their privileges, stand ready to co-operate.

The following was the organization of corps of surgeons and nurses on the steamer:

Dr. A. L. McARTHUR,.....JOLIET, Medical Director.
 Dr. HEZEKIAH WILLIAMS,.....ALTON, Assistant Medical Director.
 JOHN H. KARL,.....AURORA, Apothecary.
 C. T. CHASE,.....SPRINGFIELD, Ward Master.
 Mr. D. T. PARKER,.....CAIRO, Commissary.
 Rev. HIRAM N. BISHOP,.....CHICAGO, Chaplain.

There were seven wards established with the following Surgeons assigned to take charge of each:

Ward No. 1—Dr. DE LOS W. YOUNG,.....AURORA.
 2—Dr. HARMAN A. BUCK,.....CHICAGO.
 3—Dr. JAMES N. ALLEN,.....QUINCY.
 4—Dr. EDWIN R. WILLARD,.....WILLINGTON.
 5—Dr. NATHANIEL ENGLISH,.....JACKSONVILLE.
 6—Dr. JAMES S. AYRES,.....OTTAWA.
 7—Dr. LELAND A. BABCOCK,.....FREEPORT.

Mrs. W. D. TURNER was selected to perform the duties of Matron, and Mrs. T. J. SLOAN, also of Chicago, had charge of the linen department, and duties belonging to each was discharged with very acceptable ability and promptness. The other ladies were all assiduous in their attentions to the sick and wounded and their services were of incalculable value to the hospital arrangements. All exhibited unusual fitness for care of the sick, and at all hours of day and night were found ministering to the wants of our brave men who had been unfortunate in battle.

Col. R. M. Hough was indefatigable in his efforts to accomplish every purpose designed by you in the expedition, and proved himself on all occasions a worthy representative of the energy, loyalty and munificent liberality of the people of Chicago.

Dr. McArthur added in large measure to the high character he already enjoys, as a member of our State Medical Board and as an eminently skillful practitioner. He not only watched carefully the general interest of the expedition, but attended personally in the different wards and knew that the sick and wounded were receiving, individually, due care and attention. He visited all the principal hospitals on the field near Vicksburg and at Memphis, and gleaned information of great value to the Board and the Medical Staff of our regiments, which will result in practical advantage to the soldier. He was ably assisted by Dr. Williams.

Mr. C. T. Chase, of Springfield, and Mr. A. E. Kent, of Chicago, were signally

successful in a wise, impartial distribution of supplies, and their uniform kindness of heart and earnestness of purpose impressed them as meriting the confidence of their respective commissions.

The surgeons and nurses all left their homes at short notice, leaving practice and important engagements to aid the common cause. It is but truth to state that each performed duties assigned them with great care and promptness, and a pleasant harmony characterized their conduct between each other and their patients. The best evidence of their devotion to duty was the universal feeling of gratitude manifested throughout by the soldiers who are in time of sickness, in hospital, the most discriminating judges.

In the accompanying list, it will be discovered, that we took soldiers from other States—accounted for by the fact that most of them were associated with Illinoisans, in brigade and division hospitals—occupying same wards and coming especially within limits of order of Dr. Irwin, who was limited as to number and character of cases to be removed on our boat, from given locality. By remaining longer and awaiting more particular examination, the steamer might have been loaded exclusively with Illinoisans—but the unity of interest which we all have in the struggle, taught us to regard the man from Indiana, Ohio, Missouri, Wisconsin and Iowa, lying side by side, on beds of suffering, with boys from Illinois, all as brothers, and we took them, thinking of the many acts of kindness conferred on Illinoisans by Governors Morton, Todd, Salomon, Kirkwood and Ramsey. Many of the names from Missouri regiments are of men who live in Illinois.

Those taken from Vicksburg and discharged at Cairo were officers and soldiers who had furloughs, and those discharged at St. Louis, were ordered to be reported to Hospitals and be subject to existing regulations, touching leaves of absence etc.

The acting Assistant Surgeon General, Dr. Brown, immediately upon our arrival at St. Louis, on 19th inst., gave us orders to report to Dr. Nicolls, Medical Director, U. S. Hospital, at Quincy, which was attempted, but the Steamer when, eighty miles above St. Louis, found water too low to pass to Quincy and we returned to St. Louis on the evening of the 20th inst. and morning of the 21st, delivered sick and wounded to Medical Director.

Capt. Wm. Barnes, Messrs. Hawley and Douglas, clerks of the steamer, City of Alton, were particularly efficient and obliging in conduct of the boat and communication with surgeons and nurses, and their sympathy with objects of the expedition, single them out among steamboatmen of the Mississippi, as on the side of justice, humanity and loyalty.

Our services with the steamer commenced on the 9th instant, and ended on evening of 21st. The quantity of supplies furnished and the aid rendered largely overbalances the expense of the expedition. The soldier in the field, would think strange if we estimated his services by dollars and cents, and all loyal hearts cannot fail to recognize the principle, that the life of one soldier saved, should be esteemed as we regard our liberties—beyond price or value.

At Vicksburg, I visited every regiment and battery of Illinois volunteers, (with two exceptions,) forming that part of General Grant's army, and procured complete lists of all casualties and changes which have transpired from January 1st to the 14th inst. Relatives can obtain information about their friends in our regiments, by addressing the Adjutant General, at Springfield.

The advent of the "City of Alton" at Vicksburg, and the distribution of supplies, in regimental, brigade and division hospitals, and to weary soldiers, in trenches before the enemy, and the conveying of sick and wounded to congenial climate and friends, was an assurance to the army, that the hearts of the loyal at home, beat in unison with them, and that their trials in carrying our flag to the front—and maintaining its supremacy in the face of the enemy are known and appreciated—and their expressions of earnest thankfulness for the offerings from our people to them, dispensed through the wisdom of your Excellency and worthy associates Auditor Dubois, Secretary Hatch, Butler and Generals Williams and Fuller, is sufficient recompense for the trials which have or may environ your position.

Very respectfully,

Your obedient servant,

JOHN S. LOOMIS,

Assistant Adjutant General, Illinois.
